Written Statement

We employ thousands of UK contractors across many different sectors. Our employees source the majority of their assignments through recruitment agencies and often negotiate contract rates directly with the recruitment agency. Rates of pay can vary significantly dependent on the sectors and roles they engage in and, as a result, the published results above are affected by the mix of employees across these various sectors and roles. We confirm that the calculations in our report are accurate and have been calculated in accordance with Gender Pay Gap Reporting requirements as outlined in the legislation and accompanying guidance.
